

Development

What development environments are you using?

We're developing phpMyFAQ on the following environments:

- Operating systems: MacOS X 10.9, Ubuntu Linux, Red Hat Linux, and OpenSuse Linux
- Webserver: Apache 2.2.x
- Databases: MySQL 5.6, SQLite
- PHP 5.5.x

We're testing with latest Mozilla Firefox, Google Chrome, Apple Safari and Microsoft Internet Explorer.

Unique solution ID: #1000
